| Other                |                    |
|----------------------|--------------------|
| 200-amp Meter Socket | \$95 plus tax      |
| Dual Meter Socket    | \$208 plus tax     |
| Ground Rods          | \$13 each plus tax |

Jackson Electric Cooperative will retain ownership of all facilities needed to provide electric service. The member agrees to pay monthly the charge in effect for the type of lighting installed. Special lighting arrangements may require specific lighting agreements. The monthly rate will be added to the regular energy bill of the member and shall constitute a part of such bill. Jackson Electric Cooperative will install an area lighting fixture. Jackson Electric Cooperative shall replace bulb and repair all damages to the fixture at its own expense, **except when damage to the bulb or fixture is caused by vandalism or malicious destruction, in which case the member shall be responsible for the cost of repairing such damage.**

**A Facility Charge will begin as soon as construction is complete and a transformer is installed.**

I have read the above and agree with these charges.
