AUDIT RECOMMENDED IMPROVEMENTS

2018 Energy Efficiency Rebate Form

Jackson Electric Cooperative is an equal opportunity provider and employer.

ELIGIBILITY CRITERIA

- ❖ Home or farm being improved must be on Jackson Electric Cooperative's lines.
- ❖ Rebates are in place through December 31, 2018, or until funds are depleted. **Availability of rebates and incentives is subject to change without notice.**
- ❖ Rebate not to exceed 20% of the cost of energy efficiency improvements up to \$500. Cost can include material and professional labor. The cost of the audit cannot be included.
- ❖ Energy efficiency improvements must be recommendations from an audit arranged by Jackson Electric Cooperative or a cooperative approved partner. Please contact Jackson Electric Cooperative for auditor verification.
- ❖ To qualify, the audit must be a comprehensive audit including a written report.
- ❖ The audit report must indicate the improvement will result in electrical or delivered fossil fuels (LP, oil, not natural gas) reduction or efficiency.
- ❖ If another rebate is available, the audit recommended improvement will qualify for only that rebate. For example, if an auditor recommends purchasing an Energy Star refrigerator, the refrigerator will qualify for our Appliance rebate, not the Audit Recommended Improvements rebate.
- ❖ Improvements must be completed within 24 months of the audit date.
- ❖ Each member account qualifies for only 1 Audit Recommended Improvement incentive every 5 years, regardless of the number of audits performed and regardless of the number of measures implemented.
- ❖ Additional eligibility criteria may apply. Contact cooperative for details.
- ❖ All documentation listed below must be submitted no later than 60 days after improvements are completed.
 - ✓ This rebate form;
 - ✓ A copy of your receipt or invoice for each improvement;
 - ✓ Copy of the audit documentation; and
 - ✓ Documentation showing improvements have been completed
